The Sacred High Priestess Journey or Sacred Magdalene Mysteries are a higher octave of the Sacred Priestess Journey. While the Sacred Priestess Journey activates the inner priestess from a personal spiritual viewpoint, the Sacred High Priestess Journey inspires us to look at the World as our Temple and how we participate in it from a much larger perspective.

Mary Magdalene was a Multi-Dimensional Master and in direct communication with Source (Sourc~er~ess), or the ALL. We will heal the cultural and feminine splits in the second and third chakras (sex~money~power~politics) so that we can open our hearts which connects us to the higher dimensions and allows us to run full life-force energy. We will work with identifying patterns, frequencies and vibrations in order to clear blockages and open the flow in our family lineage, our soul's lineage and as World Servers.

The energies/archetypes we will be activating throughout the four 3-day sessions are: Mary Magdalene (The Sexual Mysteries), Juno Moneta (The Money Mysteries), Isis (the Mysteries of Power) and Inanna (the Death-Rebirth Mysteries), Multi-Dimensionality and Unity Consciousness.
